An efficient smoking cabin for professional environments

Introducing the new SF 2000 X/4000 X Black, our most space efficient cabins with a new sober color setting. Suitable for designed spaces with frequent usage, like offices, casinos, restaurants/ lunchrooms and other areas. SF 2000 X is suitable for 1-2 persons, with a footprint of only 1,2 m² and the SF 4000 x is designed for up to four persons. The smoke is efficiently captured before it spreads. Harmful odors, gases, and particles are removed through a multi-stage filtration system before releasing the cleaned air back into the room. The patented AHS system disposes of ash and cigarette ends, safely, odorless and smoke-free. All in a matte black finish with wood grain details.

The QleanAir Difference

With a significant impact on health, performance, and quality there are few things as important as clean air. We deliver clean air as a service with hassle-free installation, maintenance, upgrades and filter changes. With our unique Lifetime Performance Guarantee, we can guarantee your air quality over time.
